Education

Pimpri Chinchwad College of Engineering, Pune

Aug 2023 - June 2027

Bachelor of Technology in Computer Science

CGPA – 7.5 | SGPA - 8.05

Relevant Coursework

- Object Oriented Programming
- Database Management
- Computer Networking
- Data Structures and Algorithms
- Machine Learning
- Generative AI

Projects

devTinder || React, Redux, Node.js, Express, MongoDB

- Developed a full-stack developer networking platform with an interactive UI for managing profiles, connections, and matches using React and Redux.
- Designed and implemented secure RESTful APIs using Node.js and Express.js, including JWT-based authentication and password hashing with bcryptjs.
- Integrated MongoDB for efficient data storage and scalable backend architecture, ensuring performance, security, and maintainability.

Predictive Analytics using Machine Learning|| Python, Scikit-learn, Pandas, NumPy, Matplotlib

- Built a predictive model using multiple supervised learning algorithms including Logistic Regression, Decision Tree, Random Forest, and SVM.
- Applied data preprocessing techniques such as cleaning, encoding, normalization, and feature selection to improve model accuracy.
- Evaluated model performance using metrics like accuracy, precision, recall, F1-score, and R^2 score for comprehensive assessment.
- Visualized insights and feature importance using Matplotlib and Seaborn to support data-driven decision-making.

Cultural Odyssey || HTML, CSS, JavaScript

- Link: https://soniyalakade.github.io/Cultural_Odyssey/
- Developed an interactive web platform highlighting cultural and historical heritage using a responsive and visually engaging UI.
- Designed interactive navigation with maps, multimedia content, and dynamic components to enhance user engagement.
- Utilized **HTML, CSS, and JavaScript** to build core functionality and styled layouts for accessibility across devices.

Technical Skills

- **Languages:** C++, C, Java, Python (Basic)
- **Web Technologies:** HTML, CSS, JavaScript, MySQL
- **Tools/Technologies:** VS Code, GitHub
- **Databases:** MongoDB, MySQL
- **Framework:** Express, Node

Coding Platform Profiles

GeekforGeeks **Leetcode**

Certifications

- Udemy - Mastering Data Structures & Algorithms using C and C++
- Udemy - Java Masterclass 2025: 130+ Hours of Expert Lessons

Achievements

- Solved 150+ questions based on Data Structures and Algorithms on various Coding Platforms.
- Received copyright for Cultural Odyssey, an interactive and responsive web platform showcasing cultural and historical heritage.
